

May Day, May Day....

With the Summer now upon us and with the sun getting hotter due to global warming, it's more important now than ever for you to protect your Motorcycle.

Cover Systems have developed a Sun Top cover which will cover just the top of your bike; thus making it easy to use whether your bike is just sat on a driveway or parked elsewhere for the day. And it keeps prying eyes and sticky fingers away from your bike !

The Sun Top covers are made using their "Safeguard" polyester lightweight smooth anti-UV treated textiles. They have 90% waterproof and therefore breathable side panels and a waterproof top panel. Securing straps for attachment are standard.

The Sun Top cover also folds away neatly into an adjustable bum-bag style holdall, which Cover Systems have very cleverly sewn into the cover - so where-ever you go, the cover goes with you !

Sun Top covers range from £25, depending on motorcycle size. All prices include FREE UK delivery, Sun Top cover holdall and VAT.

So if you need "help" keeping your bottom cool, or for more information, phone Cover Systems on (01933) 410851
